

Ahmed Abdullah

Calgary, AB | 547-869-1689 | ahmed.abdullah1@ucalgary.ca | [linkedin.com/in/ahmed-abdullahh](https://www.linkedin.com/in/ahmed-abdullahh)

SKILLS

Programming Languages: Java, Python, C++, C, HTML, CSS, SQL, JavaScript, Bash, C#

Technologies & Tools: ReactJS, NodeJS, VS Code, Eclipse, MySQL, PostgreSQL, Git, SourceTree, Flask, Jupyter, Pandas, NumPy, VMs, Docker, Kubernetes, Azure DevOps

EDUCATION

University of Calgary

Bachelor of Science in Software Engineering – BSc
GPA: 3.55 / 4.00

Calgary, AB

Graduation: May 2027

WORK EXPERIENCE

Purrfect Innovations

Technical Project Manager

United States - Remote Work

Jul 2022 – Sept 2024

- Managed e-commerce operations on Amazon, optimizing product listings, tracking performance, and implementing strategies to drive sales.
- Optimized Purrfect Innovations website using SEO strategies, including keyword research, on-page optimization, and content adjustments, resulting in improved search engine rankings.
- Directed international collaboration with a cross-functional team of 10+ R&D engineers and manufacturers, achieving a 20% improvement in project efficiency and ensuring timely execution.

PROJECT EXPERIENCE

University of Calgary

AI Machine Learning Model

Calgary, AB

Jan 2025- Feb 2025

- Engineered machine learning models in Python using supervised learning techniques, including Linear Methods, Tree-Based Methods, Support Vector Machines (SVMs), and K-Nearest Neighbors (KNN).
- Optimized data preprocessing with MinMaxScaler and StandardScaler, improving model performance and generalization across diverse datasets.
- Applied hyperparameter tuning and feature selection to reduce underfitting and overfitting.
- Achieved 93% accuracy in predicting data patterns, with high precision and recall.

Subway Screen Gui

Jul 2024- Aug 2024

- Developed a Java Application showcasing real-time train information alongside region-specific news, weather, and advertisements to provide users with relevant and timely updates.
